

A group of NIU students toured the Advanced Superconducting Test Accelerator (ASTA) facility last Wednesday (April 16) with supervised access while the cave was open for the girder-2 installation. Several ASTA scientists and engineers, including Elvin Harms, SRF e-linac Department Head, participated in guiding the tour (top-left: NIU-instructor Young-Min Shin, top-right: Jinhao Luan, bottom-left: Darren Crawford, bottom-right: Alex Lumpkin)
